

## Guardian® 5000

High-strength security mesh constructed within a modular framework. Heavy-gauge mesh and small mesh openings to resist cutting tools and climbing. Seamless security integration with anti-corrosion coatings.

### Product detail

**The Guardian® Fence System is the first system to provide a total security solution, with seamless security integration, easy installation, upgrade, repair, and maintenance.**

#### BENEFITS

##### Anti-cut & anti-climb Panels

Protects against both cutting and climbing, with heavy gauge mesh and small mesh openings that resist common cutting tools and hand or foot holds. The Guardian® 5000 model has DutyGuard 3-5-8 welded wire mesh as standard. Additional mesh options are available to meet specific risk or architectural requirements.

##### Engineered design

Steel rails within the system create a protective raceway for security component cabling such as intrusion detection, surveillance, and access control; providing a superior, fully-integrated security barrier.

##### Efficient installation

Panels are affixed to steel rails, which are attached to steel posts. This smart fence platform configuration allows for fast installation without exact post spacings required.

### Security level

### Applications

### Functionalities

### Anti-ram barrier add on

M30, M40 and M50 Rated Anti-Ram Barriers can be integrated with the system to provide hostile vehicle mitigation along the perimeter fence line

### High security Guardian unions

Guardian Unions securely connect panels to high-strength horizontal rails within the Guardian® Fence System and is then secured with bolted steel straps adding additional rigidity to the fence.

### Gates

Choose from a wide range of gate styles such as swing, v-track, cantilever and. Crash-rated gates.

### Coating

High quality galvanized steel and aluminum components deliver a longer service life. The Guardian® Fence System is also available with a super-durable, architectural grade powder coating. This prolongs protection against UV rays and salt spray.

### Warranty

Backed by a 10-Year Manufacturer's Warrant.

### Materials

Welded Wire

LouverMesh

Expanded

## GUARDIAN® 5000 SPECIFICATION

Description	Name	Size	Screening %	% Open area
Welded Wire	DutyGuard 3-5-8	3" x 1/2" x 8ga	36%	64%
LouverMesh	LouverMesh 75	LouverMesh 75	75%	25%
