

# EGIDIA® 3D Privacy Swing gates

The ideal gate for integrating privacy slats, to preserve your privacy.

## Product detail

## Compatible products

- Screeno® line PVC
- Screeno® line composite
- Collfort® privacy

## Benefits

### Perfect integration of privacy slats

This gate is designed to accommodate different types of privacy slats (not supplied with), offering ideal customization and perfect harmony with the environment.

### 4 possible opening directions, to be chosen during installation

Thanks to its clever design, this gate adapts to all needs by allowing the opening direction to be defined at the time of installation, offering great flexibility.

### Easy installation

Designed to be intuitive to install, this gate reduces the time and effort required for installation while ensuring a solid and durable fixation.

### Guaranteed aesthetic harmony

By allowing the choice of privacy slats, this gate perfectly adapts to the style of each exterior, ensuring an elegant and coherent finish.

## Functionalities

## Security level

(when compared to other **access control** options)

## Related Products
